OBJECTIVE

Full Stack Developer with hands-on experience in designing and developing web applications using AngularJS, HTML, CSS, JavaScript, and Bootstrap. Proficient in building and managing robust backend systems using Java Spring Boot, RESTful APIs, and MySQL. Skilled in writing Jasmine unit test cases, conducting functional and manual testing, and leveraging AWS for cloud deployment. Adept at integrating frontend and backend components, optimizing application performance, and working within Agile teams to deliver high-quality software solutions.

SKILLS

Frontend Development	AngularJS, HTML, CSS, JavaScript, Bootstrap, Responsive Design
Backend Development	Java, Java Spring Boot, RESTful APIs, Microservices
Database Management	MySQL, MongoDB
Testing	Jasmine, Unit Testing, Functional Testing, Debugging, Test-Driven Development (TDD)
Cloud Computing	AWS, Cloud Deployment, CI/CD Pipelines
Tools and Methodologies	Agile, SDLC, Version Control (Git), API Integration
General Skills	Full Stack Development, Problem Solving, Code Optimization, Linux OS

EXPERIENCE

Associate Analyst   Feb 2023 - Present
Deloitte Consulting India Pvt Ltd   *Mumbai, India*

- Optimized debugging and reduced problem analysis time by 30% using LogRocket for efficient error tracking across both frontend and backend.
- Integrated and configured Splunk Logs to enhance error tracking, providing actionable insights into application performance across the entire stack.
- Developed and integrated third-party APIs to extend the functionality of the application, improving user experience across both the front-end and back-end platforms.
- Developed and executed Jasmine unit test cases, increasing code coverage to 88%, ensuring robust application functionality, and enhancing code quality through automated testing.
- Performed manual and functionality testing to ensure the application met all requirements and provided a seamless user experience, improving overall reliability and performance.

EDUCATION

Bachelor of Computer Application , Pune University   2019 - 2022

CERTIFICATION

- AWS Cloud Practitioner
- Responsive Web Design

COMMUNITY SERVICE

National Service Scheme

Organized Pulse Polio Camps, Blood Donation Camps, and awareness programs on HIV, AIDS, and COVID-19. Led events with 300+ participants, ensuring effective community engagement and smooth execution.
